I. Introduction

The statement of purpose is designed to inform you about the values, and structure of TACT, some information about the recruitment, assessment and training of our carers, and details of staff and placements. The statement is a legal requirement and the issues referred to, laid down in regulation.

1. Organisational history

Established in 1993, formerly known as The Adolescent & Children's Trust (TACT), TACT is the UK's largest charity and voluntary agency providing fostering and adoption services. Our core work involves providing high quality and well supported fostering or adoptive families for children and young people across England, Wales and Scotland. We campaign on behalf of children and young people in care, carers and adoptive families.

TACT is governed by a Board of Trustees with 11 members. The Board has ultimate responsibility for directing the affairs of the charity, ensuring that it is solvent, properly run and delivering on its charitable objectives. In addition to meeting bi-monthly, a smaller number of the Trustees sit on sub committees alongside TACT staff; the Safeguarding & Children Services Committee and the Business & Remuneration Committee. The Board delegate day to day leadership of the organisation to the Chief Executive Officer.

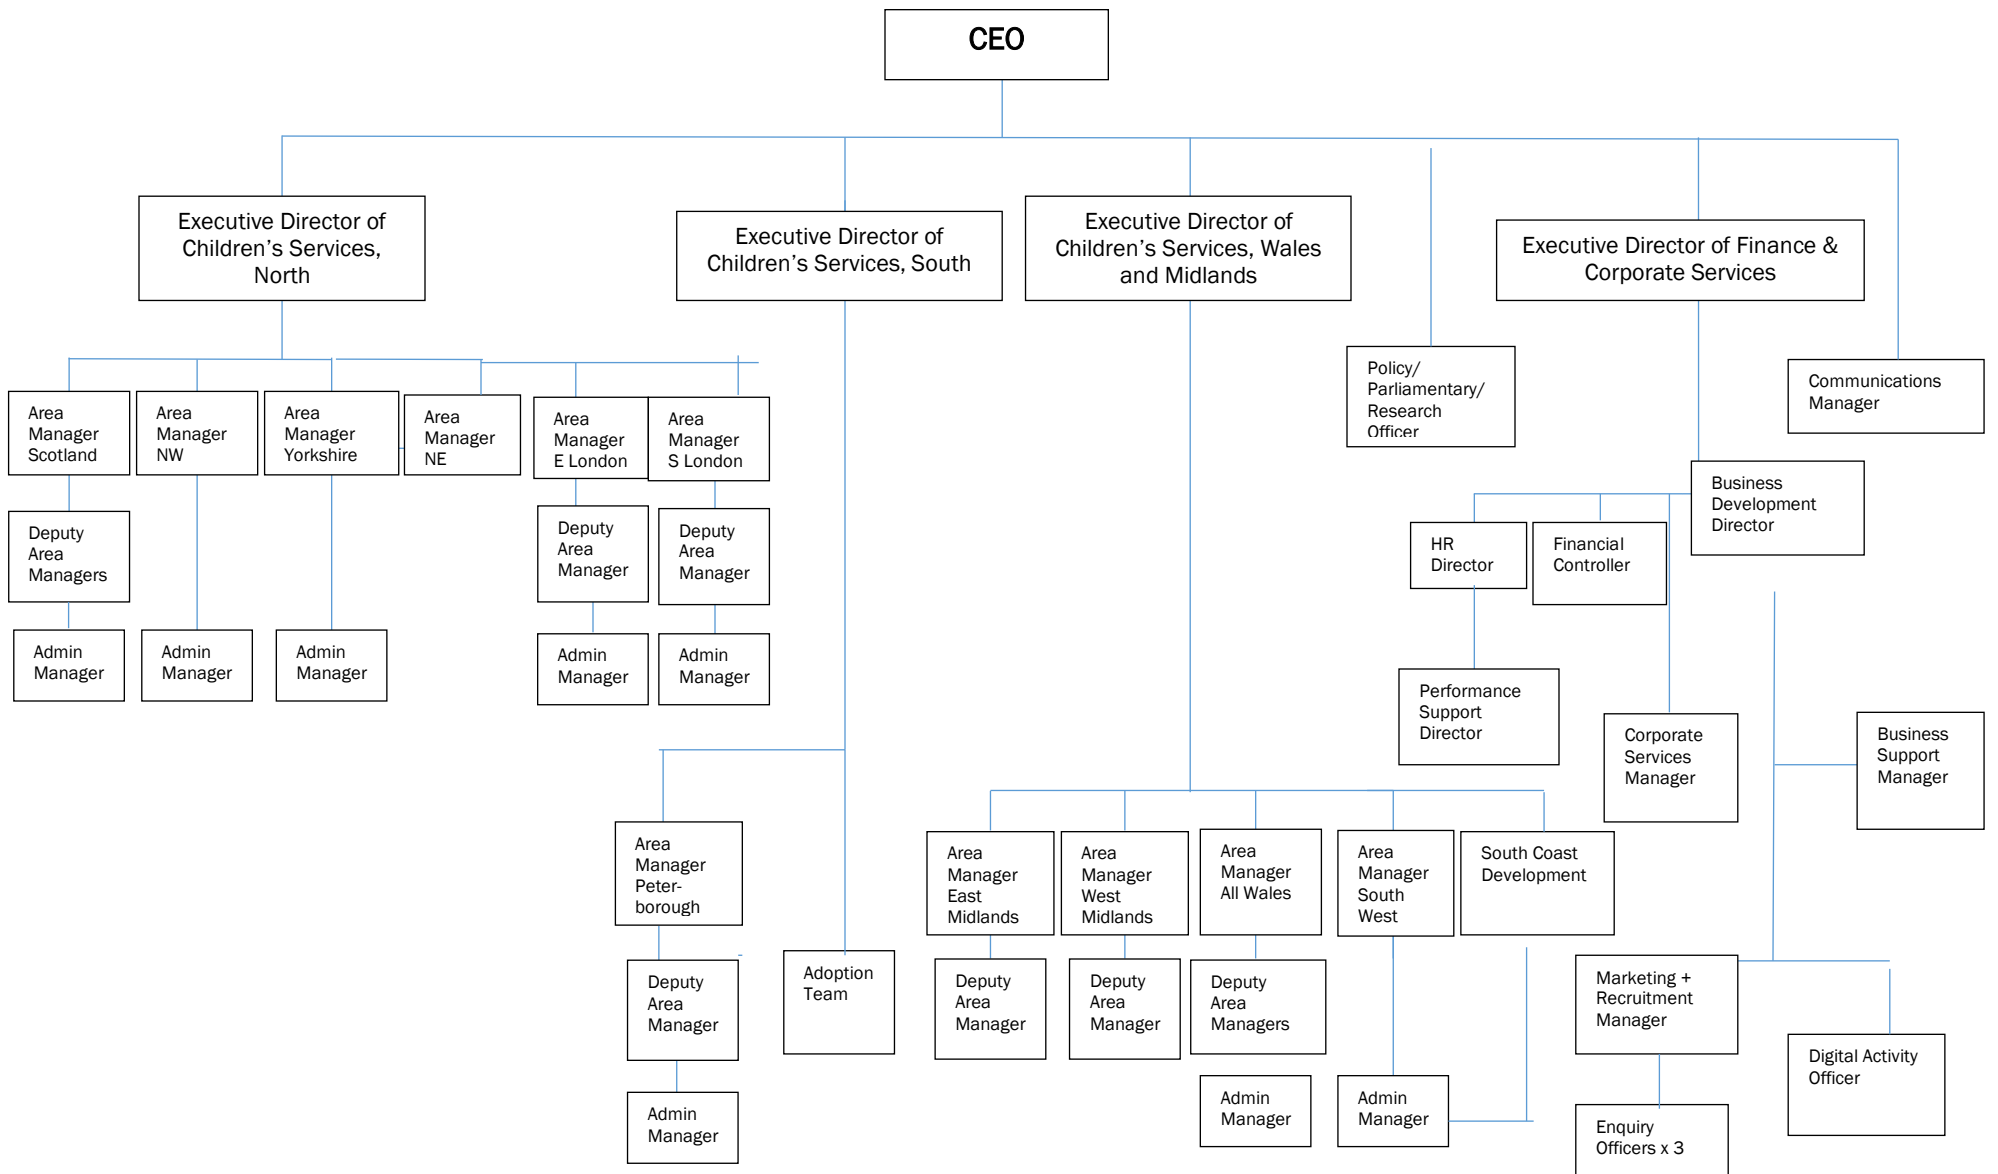

TACT's head office is based in Hither Green, London. It includes the corporate functions of finance, human resources, children's service and quality, external affairs and marketing. It is also the office of the Chief Executive and Executive Directors of Finance and Corporate Affairs, Children's Services & Quality and Policy, Communications and Fundraising.

Services are provided from 9 area offices for fostering, one of which also includes adoption. These are; East London, Bristol (covering Bristol & South West), Neath (covering all of Wales), Liverpool (covering North West), West Midlands, Kettering (covering East Midlands), Leeds (covering Yorkshire, Humberside & the North East), Edinburgh (covering Scotland) and South London (covering South London, Kent) We also have a registered adoption agency based in London.

We are currently expanding our service geographically in a number of areas. The North-East service, currently being expanded under the Yorkshire Office, will shortly be the subject of an application for Ofsted registration. We are also expanding Bournemouth and Poole areas under the South West Office and Brighton, Portsmouth and Weymouth under our South London Office. In the East Midlands we are expanding into Nottinghamshire and Derbyshire and in the North West we are expanding into Greater Manchester. In Scotland, we are expanding through Dundee and up the East Coast to Aberdeen. These expansions are being closely supported and overseen by our Business Development Unit.

TACT have also been chosen to run Peterborough's permanency services (including adoption and fostering services). The contract begins on 01.04.17. Ofsted are already aware of this and an advisor has been appointed.

Training, Support and Reviewing Process for Foster Carers

- a) The office in Neath has an annual training programme with training courses being held both in Neath and several venues in the area to ensure training is more accessible for foster carers. Foster Carers have an individual learning and development plan linked to the programme. Foster carers are supported to attend training through financial packages and TACT will help with childcare arrangements if needed. Undertaking learning and development is an ongoing requirement for TACT foster carers and now being extended to include on-line courses.
- b) Foster carers are allocated a Supervising Social Worker with a limited caseload of no more than ten families. Support is offered to foster carers twenty four hours a day, seven days a week via a duty system of Supervising Social Workers and Social Work Managers. Foster carer support groups also meet in small geographic areas. Young people who foster are also supported individually and through groups.
- c) Each foster carer is reviewed annually by a Manager or an Independent Fostering Reviewing Officer (IFRO) who must chair the 1st, 4th, 7th etc. reviews. Other reviews can be carried out by the Supervising Social Worker so long as there are no issues of concern. Reviews are either presented to panel or to the Executive Director for signing off.

The 1st and 7th reviews are fully considered by the Panel. Subsequent reviews are considered by the Director of Country unless an issue is raised at the Review i.e. allegation that requires the attention of the fostering panel.

Monitoring of Fostering Service

The fostering service is monitored through provision of formal supervision for all staff and foster carers, the auditing of case files and supervision records as well as day to day management of the service and support to staff and foster carers. The fostering service also undertakes a quality assurance function that undertakes annual inspections and reports on outcomes for children and young people. The quality and effectiveness of the complaints procedure is also regularly monitored and kept under review.

Review of Statement of Purpose

The statement of purpose is reviewed on a monthly basis with regard to local information and twice/yearly in relation to organisational information.
